## OBJECTIVE

To secure a challenging position with a rapidly growing organization that offers opportunities for professional growth and development. I aim to leverage my engineering background and problem-solving skills to contribute to innovative projects, drive operational efficiency, and support the company's strategic goals within a forward-thinking and dynamic business environment.

## EDUCATION

**Bachelor of Technology**, Sri Vasavi Engineering College 2022 – 2026
Specialization: Artificial Intelligence and Machine Learning
Percentage: 69.05%

**Intermediate (MPC)**, Sri Chaitanya Junior College 2020 – 2022
Percentage: 63.00%

**Secondary School Certificate (SSC)**, Vasavi Ideal Public School 2019 – 2020
Percentage: 71.20%

## SKILLS

**Technical Skills** Python, Java, MySQL, HTML, CSS, Django
**Soft Skills** Positive Attitude, Teamwork, Time Management, Good Understanding
**Other** Machine Learning, Deep Learning

## CERTIFICATIONS

- Web Development using Django — Brainovision Solutions India Pvt. Ltd Apr 2024
- Microsoft Certified: Azure AI Fundamentals Jun 2024

## PROJECTS

- **Diabetes Detection System** 2024
  Python, Django, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn
  Developed a machine learning-based web application for early diabetes prediction using medical datasets.
  - Built and tested ML models (Random Forest, SVM, KNN, Naïve Bayes, Gradient Boosting) for accurate diabetes risk prediction.
  - Integrated Django backend with a user-friendly interface for patient data input and result visualization.
  - Improved diagnostic support by providing reliable, fast, and non-invasive predictions for early detection.

## INTERNSHIPS

- Long Tail Multi-Label Classification — Internship at NIT Andhra Pradesh May–Aug 2025
